I. Overview of the RFP Process

The Rector and Visitors of the University of Virginia (the “University”), a Virginia public corporation, seeks an experienced firm to provide Branding & Communication Services for the University’s Frank Batten School of Leadership and Public Policy. This RFP is part of a competitive procurement process which helps to serve the University's best interests. It also provides firms with a fair opportunity for their services to be considered. The process of competitive negotiation being used in this case should not be confused with the different process of competitive sealed bidding. The latter process is usually used where the goods or services being procured can be described precisely and price is generally the determinative factor. With competitive negotiation, however, price is not required to be the determinative factor, although it may be, and the University has the flexibility it needs to negotiate with firms to arrive at a mutually agreeable relationship.

For ease of reference, each firm receiving this RFP is referred to as a "firm" and the firm selected to provide services for the University is referred to as the "Selected Firm." This RFP states the instructions for submitting proposals, the procedure and criteria by which a firm may be selected, and the contractual terms by which the University proposes to govern the relationship between it and the Selected Firm.
It is the policy of the Commonwealth of Virginia and the University to contribute to the establishment, preservation, and strengthening of small businesses and businesses owned by women and minorities, and to encourage their participation in State procurement activities. The Commonwealth and the University encourage firms to provide for the participation of small businesses and businesses owned by women and minorities through partnerships, joint ventures, subcontracts, or other contractual opportunities.

II. Background Discussion and Goals of the University

When Thomas Jefferson founded the University in 1819, he intended it to be nothing less than a world-class institution of higher learning. Jefferson’s spirit lives on – not only in the Rotunda and Academical Village he designed, and which remain treasures of American architecture, but in the University’s standing as a leader in education, research, and community service.

The over 20,300 students attending the University work within a true meritocracy and live by an Honor Code unique among American universities. Each student is exposed to the widest spectrum of disciplines – from arts and athletics to humanities and technology. Our students also enjoy a unique connection to the world beyond college through the University’s outstanding professional training, exemplified by its nationally ranked schools of Law, Business, and Medicine. The University as a whole has had a consistently high ranking not only among public schools, where it often heads the list, but among all American universities, public and private.

Over 12,400 permanent University faculty and staff are committed to serving both the local and national community. The University makes a real difference in the world, through its invaluable research, a hospital ranked among the nation’s finest, and graduates who have consistently been among the forefront of our nation’s shapers. At the University, our bright future is the direct result of our great history.
The Frank Batten School of Leadership and Public Policy (“Batten School”) is the newest school at the University. The University’s Batten School trains students to analyze, shape and implement public policy and prepares students for both public service and private sector careers that deal with public policy in both domestic and international arenas. Graduates of the University’s Batten School will assume leadership positions in government, in the non-profit sector, in consulting firms, and in selected private sector firms. The University’s Batten School offers a state-of-the-art instructional program in policy analysis together with an emphasis on leadership skills and professional development. The teaching faculty includes distinguished economists, political scientists, lawyers, historians, and ethicists as well as practitioners who bring real-world experiences to the classroom.

In support of its mission and in an effort to maintain the highest quality services for its customers, the University seeks an experienced firm to provide Branding & Communication Services for the University’s Batten School to begin in early to mid December 2010. These services must include overall efforts targeted toward enhancing the University’s Batten School’s visibility and reputation.

The University invites firms responding to this RFP to submit proposals that present different options for provision of the Goods and Services, and/or alternate creative proposals. The University will, in its sole judgment, consider such options and/or alternatives as long as the functionality and minimum requirements of the University are met.

III. Scope of Goods and Services

It is the University's intent to enter into an Agreement with the Selected Firm for Branding & Communication Services to include those goods and services necessary to help the University achieve its goals as outlined in this RFP. Proposing firms will be asked to deliver marketing, communications and advertising services that will best meet the needs of the University’s Batten School. The proposed solution should include the firms’ capabilities and detail the services required to meet the University’s Batten
School’s requirements. In order to achieve this goal the Selected Firm may be requested to provide those goods and services outlined in this section.

A. Specific communications-related needs to include:

1. Advice and assistance in identifying a comparative advantage in relation to peer public policy programs, through a thorough review of the University’s Batten School’s charter and existing and potential assets. At present, there is no in-house communications staff, and as such, there is a need for outside research regarding peer schools’ missions, resources, strengths, weaknesses, etc.

2. Advice and assistance in framing the comparative advantage (see above) and defining the Batten School’s niche relative to other Schools of Public Policy as well as other University graduate programs. This communications need requires meaningful, appropriate language that will resonate clearly and persuasively both with a wide variety of external audiences and within the greater University community.

3. Advice and assistance on a more thorough long-range redesign of the University’s Batten School’s current website that will appeal to a wider range of constituents and will include the functionality and messaging that make it an effective tool of a broader external relations strategy.

4. Advice regarding broader external relations issues and opportunities, including publications, lectures, conferences, and special events.

B. Specific needs in a communications/web design firm to include:

1. Significant experience and first-hand experience with strategic communications, including both branding and web strategies at the highest level. Given the “newness” and distinctive posture of the University’s Batten School program, the Selected Firm must be able to “hit the ground running” with respect to its staff members’ knowledge about teaching, research, and student services trends—specifically at graduate and professional schools at peer research universities and at the University.

2. Experience and responsiveness to time-sensitive requests and needs including a demonstrated understanding of the magnitude and urgency of
requests, and an ability and willingness to execute services on very tight deadlines.

3. Experience and demonstrated track record of producing sophisticated, technologically savvy websites. Because the University’s Batten School is starting from “square one,” and currently has no full-time technical staff, the Selected Firm must provide all the necessary technological design and support with its own in-house staff. The University’s Batten School seeks consultants who are familiar with the University’s admissions-based software, so that they can assist in working with the University’s existing web-based admissions portal.

4. Experience with “in-house” support availability and designated Project Manager. The University’s Batten School prefers a firm that is of a sufficient size and experience so that writers and editors are available in-house and not outsourced. This will allow a commitment for weekly meetings between the University’s Batten staff and the Firm’s designated Project Manager.

5. The Selected Firm should be able to guarantee that at least one agency principal be actively assigned to the account. The Selected Firm should also be able to guarantee consistency of its key executive staff members assigned to the University’s Batten School account and upon request of the School, agree to replace staff assigned to the account.

6. The Selected Firm’s staff should have proven outstanding customer relations skills that are evident throughout the creative process – including superior listening skills and the ability to react professionally to constructive feedback.

C. Additional requirements to include:

1. Developing one or more unifying, integrated themes that reflect the University’s Batten School comparative advantage and niche (see Section III, Part A above) for promotional efforts.
2. Utilizing an innovative mix of traditional and online media. This includes creative development and production of advertising for traditional print and electronic outlets.

3. Regularly monitoring results and as necessary modifying plans and execution to achieve greater success.

D. Additional Information

1. The University’s Batten School has an image library but is open to taking new images.

2. The University’s Batten School does not currently use a CRM system, but will likely identify and begin implementing one during the performance period of the contract.

3. The University’s Batten School classes are not offered in languages other than English.

4. The University’s Batten School does not anticipate that marketing materials would be offered in languages other than English.

5. The University’s Batten School will offer a new two-year Masters of Public Policy program to students enrolling in Fall 2011.

IV. Basis of Selection

The University will carefully evaluate all proposals received, and select a limited number of firms to present additional detail via an on-site presentation. It is anticipated that firms will be asked to include detail of how they might craft an overall theme for the University’s Batten School or to illustrate the process followed with an actual client to develop an effective creative solution to meet the client’s goals.

The University will evaluate proposals and, if a firm is to be selected, select the firm on the basis of:

A. The firm's plan to assist the University to meet its goals for a Branding & Communication Services for the University’s Batten School of Leadership and
Public Policy as discussed in Section II, Background Discussion and Goals of the University, and Section III, Scope of Goods and Services;

B. The firm's relevant experience, qualifications and success (as well as the experience of the assigned individuals), in providing the services outlined in this RFP;

C. The firm's references from institutions of higher education, teaching hospitals, and clients which are comparable to the University, and who have engaged the firm in a comparable scope of work;

D. The firm's financial proposal including but not limited to discounts, service charges and other charges;

E. The quality of the proposal, specifically, responsiveness to requirements and adequacy of information provided;

F. The contractual terms which would govern the relationship between the University and the Selected Firm;

G. The firm’s plan for the utilization of Small, Women-owned and Minority-owned (SWAM) businesses. (In evaluating the firm’s proposal, the University will assign a minimum of 10 percent of the total selection weight to this individual selection criterion.); and

H. Any other factors relevant to the firm's capacity and willingness to satisfy the University.

V. Contents of the Proposal

Proposals should include information outlined in this section. Copies of proposals must be sent to the Issuing Office, Procurement Services, Carruthers Hall, and not to any other office or department whatsoever at the University.

Unnecessarily elaborate brochures and other presentations beyond that sufficient to present a complete and effective proposal are not desired and may be construed as an indication of a firm’s lack of cost consciousness. Elaborate artwork, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor desired.

E. Small, Women-owned and Minority-owned (SWAM) Business

The University is committed to the goal of non-discrimination and to giving fair consideration for all vendors in its procurement programs. The University has set a voluntary goal of doing 5% more business with SWAM firms each year. The University’s 2008 SWAM plan spend goal for firms certified by the Commonwealth of Virginia’s Department of Minority Business Enterprise (DMBE) is 40%. Targets for each business segment are as follows:

<table>
<thead>
<tr>
<th>Business Segment</th>
<th>Goal</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minority Business Enterprises</td>
<td>4.0%</td>
</tr>
<tr>
<td>Women Business Enterprises</td>
<td>5.0%</td>
</tr>
<tr>
<td>Small Business Enterprises</td>
<td>31.0%</td>
</tr>
</tbody>
</table>

This goal does not allow for "set aside" purchases. SWAM firms must compete equally with majority firms and be able to provide the University with quality goods and services at competitive prices. To view the University’s current quarterly achievements, click here [Current SWAM Report](#). As this report shows, the University is in need of assistance in the Minority-owned and Women-owned categories. Please tailor your firm’s SWAM plan to assist the University in meeting its goal and targets.
Specify whether the firm is a SWAM. Firms can only be considered a Small, Women-owned or a Minority-owned Business Enterprise if certified by DMBE. All certified SWAM firms will be assigned a specific identification number. No SWAM firm is required to certify under this program and no SWAM firm will be excluded from doing business with the Commonwealth because of their failure to certify as a SWAM firm.

If the firm is not a SWAM firm, describe the firm’s partnering relationships with SWAM firms and how it plans to support the University’s goal to increase business annually by 5% with these firms in accordance with Attachment 4, Executive VP and COO’s Request for Commitment letter.

F. Communications Between the University and the firms Regarding This RFP

Informal Communications

From the date of receipt of this Request for Proposal by each firm until a binding contractual agreement exists with the Selected Firm and all other firms have been notified, or when the University rejects all proposals, informal communications regarding this procurement will cease. Informal communications will include but not be limited to:

1. Requests from the firms to any department at the University, with the exception of Procurement Services for information, comments, speculation, etc.; and

2. Requests from any department at the University, or any employee of the University, with the exception of Procurement Services for information, comments, speculation, etc.

Formal Communications

From the date of receipt of this Request for Proposal by each firm until a binding contractual agreement exists with the Selected Firm and all other firms have been notified, or when the University rejects all proposals, all communications between the University and the firms will be formal, or as provided for in this Request for Proposal, or as requested by Procurement Services. Formal communications will include but not be limited to:

1. Preproposal Conference
2. Oral presentations
3. Site visits, Interviews, etc.
Any failure to adhere to the provisions set forth in Informal Communications and the Formal Communications sections above may result in the rejection of any firm's proposal or cancellation of this RFP.

G. Formation of the Agreement with the Selected Firm

All proposals received will first be carefully evaluated by the University, and then the University intends to conduct negotiations with two or more firms. After negotiations have been conducted, if the University chooses to make award, the University will select the firm which, in its opinion, best meets the needs of the University. Alternately, if the University determines in writing and in its sole discretion that only one firm is fully qualified, or that one firm is clearly more highly qualified than the others under consideration, it may decide to negotiate and award an agreement to that single firm. In either event, the University intends to execute a mutually satisfactory written agreement which will reflect and largely incorporate this RFP as reconciled with any pertinent documents, such as the proposal submitted and relevant negotiation correspondence.

Because the University may choose to negotiate and award to a single firm as discussed above, each firm must include in its written proposal all requirements, terms or conditions it may have, and should not assume that an opportunity will exist to add such matters after the proposal is submitted.

Any firm(s) invited to negotiations should note that the University reserves the right to begin negotiations by combining the best aspects of submitted proposals from all responding firms as the basis for subsequent formation of any Agreement resulting from this RFP.

Firms should also note that, as described in Section H, Provisions Deemed Included in the Proposal, certain matters will automatically be deemed part of the proposal.
H. Provisions Deemed Included in the Proposal

The University will consider each proposal to include not only the matters expressly stated in the proposal as requested in Section V, Contents of the Proposal, but also other provisions which consist of two different types: those which are "mandatory" and cannot be changed by a firm in its proposal; and those which are "preferred" by the University, but which a firm may wish to alter by expressly and specifically so stating in its proposal.

The University includes mandatory provisions so that all proposals will be governed by the same basic contractual terms. The University encourages any firm which feels that a mandatory provision is unreasonable to contact the University before proposals are due so the University can consider amending the provision. The University includes preferred provisions so that any difference between the firm and the University's preferred contractual provisions can be considered during the University's evaluation of proposals.

1. Mandatory Provisions

Each proposal received by the University in response to this RFP will automatically be deemed to include the firm's agreement to the provisions of (a) and (b) below. Although such provisions will govern the firm's proposals as submitted, the University and one or more firms may later mutually agree to amend such provisions, such as when additional time is needed to consider proposals, or when contractual negotiations or performance indicate that such amendments are appropriate.

a. The proposal constitutes an offer by the firm which will remain open and irrevocable for a period of 120 days from the deadline for submitting proposals as stated in Section C, Proposal Deadline.

b. If selected by the University, the provisions governing the firm's performance will include all the provisions of Attachment 1, Mandatory Contractual Provisions.

Unless a firm expressly and specifically provides otherwise in its written proposal, the proposal received by the University in response to this RFP
will automatically be deemed to include the firm's agreement to these provisions:

a. The firm consents to the University contacting and obtaining any information relevant to this RFP from the references and others identified by the firm in its proposal, as well as from any other persons, firms, or organizations which the University wishes to contact; and

b. If selected by the University, the provisions governing the firm's performance will include all the provisions of Attachment 2, Preferred Contractual Provisions.

I. Rejection of Proposals
The University reserves the right to reject any or all proposals received. Nonacceptance of a firm's proposal will mean that one or more proposals were deemed more advantageous to the University or that all proposals were rejected. Firms whose proposals are not accepted will be notified after a binding contractual agreement between the University and the Selected Firm exists, or when the University rejects all proposals.

J. Virginia Freedom of Information Act
Except as provided below, once an award is announced, all proposals submitted in response to this RFP will be open to the inspection of any citizen, or any interested person, firm or corporation, in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by a firm as part of its proposal will not be subject to public disclosure under the Virginia Freedom of Information Act; however, the firm must invoke the protections of this section prior to or upon submission of its proposal, and must identify the specific data or other materials to be protected and state the reasons why protection is necessary. A firm may not request that its entire proposal be treated as a trade secret or proprietary information. Nor may a firm request that its pricing be treated as a trade secret or proprietary information, or otherwise be deemed confidential.
Attachment 1

   Neither party to this Agreement will have the right to assign this Agreement in whole or in part without the prior written consent of the other.

D. Amendments
   No amendment of this Agreement will be effective unless it is reduced to writing and executed by the University's Director of Procurement Services and by the individual signing the Selected Firm's proposal or by other individuals named by either party as specified in Section E, Notices below. If the Selected Firm deviates from the terms of this Agreement without a written amendment, it does so at its own risk.
E. Notices

The Selected Firm will indemnify and hold harmless the Commonwealth of Virginia, the University, and its employees and agents, with respect to all withholding, Social Security, unemployment compensation and all other taxes or amounts of any kind relating to the Selected Firm's performance of this Agreement. Nothing in this Agreement will be construed as authority for the Selected Firm to make commitments which will bind the University, or to otherwise act on behalf of the University, except as the University may expressly authorize in writing.

NON-VISUAL ACCESS TO TECHNOLOGY: All information technology (the "Technology") which is purchased or upgraded by the University will comply with the following non-visual access standards from the date of purchase or upgrade until the expiration of the Agreement:

- Effective, interactive control and use of the Technology will be readily achievable by non-visual means;
- Technology equipped for non-visual access will be compatible with information technology used by other individuals with whom any blind or visually impaired user of the Technology interacts;
- Non-visual access technology will be integrated into any networks used to share communications among employees, program participants or the public; and
- Technology for non-visual access will have the capability of providing equivalent access by non-visual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

Compliance with the foregoing non-visual access standards will not be required if the Director of Procurement Services, University of Virginia determines that 1) the Technology is not available with non-visual access because the essential elements of the Technology are visual and 2) non-visual equivalence is not available.

Installation of hardware, software, or peripheral devices used for non-visual access is not required when the Technology is being used exclusively by individuals who are not blind or visually impaired, but applications programs and underlying operating systems (including the format of the data) used for the manipulation and presentation of information will permit the installation and effective use of non-visual access software and peripheral devices.
If requested, the Agreement must provide a detailed explanation of how compliance with the foregoing non-visual access standards is achieved and a validation of concept demonstration.

The Selected Firm will notify the University in writing of any such entities accessing the Agreement. Participating entities will place their own orders directly with the Selected Firm and will fully and independently administer their use of the Agreement to include contractual disputes, invoicing and payments without direct administration from the University. The Selected Firm will submit a quarterly SWAM business report to the University by the 8th of the month following each calendar quarter, specifically the months of April, July, October, and January. The Selected Firm will submit the quarterly SWAM business reports to:

Nancy Noblette
Administrative Assistant to the Director of Procurement Services
E-mail: nnn9g@virginia.edu

The quarterly SWAM business reports will contain this information:
• SWAM firm’s name, address and phone number with which the Selected Firm has contracted over the specified quarterly period.
• Contact person at the SWAM firm who has knowledge of the specified information.
• Type of goods and/or services provided over the specified period of time.
• Total amount paid to the SWAM firm as it relates to the University’s account.

The Selected Firm’s failure to provide SWAM reports on a quarterly basis which contain the information required by this section and/or the Selected Firm’s failure to comply with the plan for utilizing SWAM businesses submitted by the Selected Firm as part of its proposal and/or negotiation response may be grounds for debarment pursuant to Section 4.M. of the “Purchasing Manual for Institutions of Higher Education and their Vendors.”

Q. Intellectual Property Rights/Disclosure

Unless expressly agreed to the contrary in writing, all goods, products, materials, documents reports, writings, video images, photographs or papers of any nature including software or computer images prepared or provided by the Selected Firm (or its subcontractors) for the University will not be disclosed to any other person or entity without the written permission of the University. The Selected Firm warrants to the University that the University will own all rights, title and interest in any and all intellectual property rights created in the performance or otherwise arising from any Agreement resulting from this RFP and will have full ownership and beneficial use thereof free and clear of claims of any nature by any third party including without limitation copyright or patent infringement claims. The Selected Firm will execute any assignments or other documents needed for the University to perfect such rights. Notwithstanding the foregoing, for research collaboration pursuant to subcontracts under sponsored research agreements administered by the University's Office of Sponsored Programs, intellectual property rights will be governed by the terms of the grant or contract to the University to the extent such grant or contract requires intellectual property terms to apply to subcontractors.
R. Payment Terms

The Selected Firm may indicate payment terms of less than 30 days so long as those terms also contain a cash discount for early payment. For example: “5% 15/Net 30” would correspond to a 5% discount if paid in 15 days, otherwise net 30. The University will compute discounts from the date of delivery of goods at destination, after final inspection, and acceptance, from the date of completion of services, or from the date the correct invoice is received in Accounts Payable, whichever is later. The University will take the cash discount if payment is made within the specified time frame.

Unless alternate payment terms, with cash discounts, are proposed by the Selected Firm, invoices submitted to the University by the Selected Firm for the Goods and Services described in this RFP will be paid on a Net 30 days after receipt of the Goods and Services and University receipt and approval of the corresponding invoice.

The Selected Firm agrees to receive payments electronically and provide any additional discounts that may result from paying electronically. The firm will contact the University’s Payment Processor Specialist group in Procurement Services to set up its preferred method of receiving electronic payments [Phone: (434) 924-4212 or email: uva-prs-boa@virginia.edu]. Accordingly, the Selected Firm agrees to accept Bank of America’s (“BoA”) ePayables® method of electronic payment or BoA’s PayMode® method of electronic payment.

S. Marketing

The University encourages the Selected Firm to appropriately and specifically market itself to applicable end-using University departments that may be interested in the Selected Firm’s Goods and Services. However, the Selected Firm will not use non-specific mass marketing formats; such as, but not limited to, spam, emails and junk mail. In the event that the Selected Firm engages in non-specific mass marketing formats, the University, in its sole discretion, may choose to terminate this Agreement.
Attachment 3
Procedure for Resolution of Contractual Claims

The Virginia Acts of Assembly of 2007, Chapter 943, Chapter 3, Exhibit P and its attachments requires contractors with the University to submit any claims, whether for money or other relief, in writing no later than 60 days after final payment; however, written notice of the contractors’ intention to file such a claim must be given at the time of the occurrence or beginning of the work upon which the claim is based.

The University's procedure for deciding such contractual claims is:

A. The Selected Firm must provide the written claim to:
   Assistant Director of Procurement Services
   University of Virginia
   1001 North Emmet Street
   P. O. Box 400202
   Charlottesville, Virginia 22904-4202

B. Although the Selected Firm may, if it chooses, attempt to resolve its claim by dealing with a University department other than the one stated in Section A above, the Selected Firm must submit any unresolved claim in writing no later than 60 days after final payment to the Assistant Director of Procurement Services if it wishes to pursue its claim.

C. Upon receiving the written claim, the Assistant Director of Procurement Services will review the written materials relating to the claim and decide whether to discuss the merits of the claim with the Selected Firm. If such discussion is to be held, the Assistant Director of Procurement Services will contact the Selected Firm and arrange such discussion. The manner of conducting such discussion will be as the Assistant Director and the Selected Firm mutually agree.
D. The Assistant Director of Procurement Services will mail his or her decision to the Selected Firm within 60 days after receipt of the claim. The decision will state the reason for granting or denying the claim.

P.O. Box 400202  
Charlottesville, Virginia 22904-4202

by providing a written statement explaining the basis of the appeal, within 15 days after the Selected Firm's receipt of the decision.

F. Upon receiving the written appeal, the Director of Procurement Services will review the written materials relating to the claim and decide whether to discuss the merits of the claim with the Selected Firm. If such discussion is to be held, the Director of Procurement Services will contact the Selected Firm and arrange such discussion. The manner of conducting such discussion will be as the Director of Procurement Services and the Selected Firm mutually agree.

G. The Director of Procurement Services will mail his or her decision to the Selected Firm within 60 days after the Director of Procurement Services receipt of the appeal. The decision will state the reasons for granting or denying the appeal.

H. Nothing in this Attachment 3 will preclude either party from filing a claim in any court of the Commonwealth of Virginia to seek legal or equitable remedy if a dispute should arise, in addition to such other remedies as are expressly provided in this Agreement; provided, the Selected Firm may not file such claim unless and until it has complied fully with the procedure set forth in this Attachment 3.
Greetings:

The quality of service the University of Virginia is able to deliver to its customers is directly related to the excellent support we receive from you and many other outstanding suppliers of goods and services. Without you, we would not be able to fulfill our educational, health care and research missions. An important part of our procurement program involves our commitment to doing business with small, women-and minority-owned (SWAM) businesses. As one of our most important vendors, we look to you to help us achieve this objective.

We conduct substantial business with small firms. We have been less effective in securing long-term business relationships with minority-and women-owned businesses. We are determined to improve our record.

I seek your assistance in two areas. First, to the extent practical, I ask that you involve small, women-and minority-owned businesses in the delivery of services you provide to The University. Second, I seek your help in reporting your results through our quarterly subcontracting reports. The terms and conditions previously provided to your organization outlined this process.

This effort is important to us. We depend on you in so many ways – this is another way that we can partner with your company to make things better.

Sincerely,

Leonard W. Sandridge  
Executive Vice President and Chief Operating Officer
