B. SCOPE OF SERVICES

The University and its College and Graduate School of Arts & Sciences seeks a qualified firm to provide data analysis and consulting services to assist with the development of the School’s strategic fundraising initiatives.

The object of this research is to explore the current understanding of alumni giving to the University to determine which messages are most salient in converting alumni non-donors into donors as well as encouraging current donors to increase their level of annual giving to the University. Currently, the University operates a decentralized program in which there is a central Annual Fund operation as well as individual annual fund programs within the various schools and units. A plan has been formulated that will consolidate this effort so that the annual funds of all of the University's undergraduate schools (Architecture, Arts & Sciences, Curry School of Education, Engineering, Nursing, and McIntire School of Commerce) will operate from the central Development and Public Affairs Office. In order to evaluate the potential for this program and to develop possible themes around which an annual campaign could be developed, the University wants to understand current giving behavior as well as identify potential messages that will resonate with various target segments.

Firms will provide services that may include but are not limited to the following:

- Develop and finalize a research plan to include the most appropriate sample and segmentation and an appropriate survey instrument, and a plan to conduct potential focus groups for qualitative testing of identified themes based on quantitative research results;
- Generate information regarding top gift prospect identification and prioritization, and current donor behavior and prioritization;
- Develop and test survey instruments;
- Recommend a prioritized framework to target prospective and current donors, and how to best to allocate program resources based on that framework;
- Manage the data collection process;
- Conduct the survey to achieve the necessary sample size;
- Receive the completed surveys and prepare an analysis and recommendations for message;
- Conduct focus groups to test messages developed through quantitative research;
- Advise and make recommendations regarding best practices related to the School’s development structure, operations and performance measures; and
- Provide follow-up consultation support for program review, and/or other pertinent analysis or reporting needs.
C. BASIS OF SELECTION

Proposals will be evaluated based upon the overall merits/value of the proposal including, but not limited to, price. The University will evaluate proposals, and if a firm is to be selected, select the firm on the basis of:

1. The firm's plan to provide the University with the services as described in the Scope of Services section;
2. The firm’s experience (especially in higher education) in providing Services similar to those described in this RFP, to include the firm’s references from clients.
3. The firm’s price proposal;
4. The firm’s Small, Woman-owned and Minority-owned (SWAM) businesses status and/or the firm’s plan for utilization of SWAM businesses. For more information about SWAM and the University’s SWAM plan, please see the letter at Attachment 1 and refer to the following site: [www.procurement.virginia.edu/main/publicpostings/rfp/SWAMplan.pdf](http://www.procurement.virginia.edu/main/publicpostings/rfp/SWAMplan.pdf)

Note 1: A 10% minimum weight will be given to this criterion in evaluating proposals.

Note 2: Any questions related to SWAM business and SWAM subcontracting opportunities can be directed to Bill Cooper, the University’s Director of Supplier Diversity, at (434) 924-7174 or [SWAM@virginia.edu](mailto:SWAM@virginia.edu).

Greetings:

The quality of service the University of Virginia is able to deliver to its customers is directly related to the excellent support we receive from you and many other outstanding suppliers of goods and services. Without you, we would not be able to fulfill our educational, health care and research missions. An important part of our procurement program involves our commitment to doing business with small, women-and minority-owned (SWAM) businesses. As one of our most important vendors, we look to you to help us achieve this objective.

We conduct substantial business with small firms. We have been less effective in securing long-term business relationships with minority-and women-owned businesses. We are determined to improve our record.

I seek your assistance in two areas. First, to the extent practical, I ask that you involve small, women-and minority-owned businesses in the delivery of services you provide to UVa. Second, I seek your help in reporting your results through our quarterly subcontracting reports. The terms and conditions previously provided to your organization outlined this process.

This effort is important to us. We depend on you in so many ways – this is another way that we can partner with your company to make things better.

Sincerely,

Leonard W. Sandridge
Executive Vice President and Chief Operating Officer
