I. GENERAL INFORMATION

A. Purpose of this Request for Proposal (RFP):

The University of Virginia (“University”) seeks to obtain proposals from firms to provide In-print Monographs and Related Services for the University’s Libraries and to enter into an Agreement with one or more firms as a result of this RFP.

This RFP is part of a competitive procurement process which helps to serve the University's best interests. It also provides firms with a fair opportunity for their services to be considered. The process of competitive negotiation being used in this case should not be confused with the different process of competitive sealed bidding. The latter process is usually used where the goods or services being procured can be described precisely and price is generally the determinative factor. With competitive negotiation, however, price is not required to be the determinative factor, although it may be, and the University has the flexibility it needs to negotiate with firms to arrive at a mutually agreeable relationship.

For ease of reference, each firm or individual receiving this RFP is referred to as a “firm” and the firm(s) or individual selected to provide services for the University is referred to as the “Selected Firm(s).” This RFP states the instructions for submitting proposals and the procedure and criteria by which a firm may be selected.

II. BACKGROUND AND GOALS OF THE UNIVERSITY

When Thomas Jefferson founded the University in 1819, he intended it to be nothing less than a world-class institution of higher learning. Jefferson’s spirit lives on – not only in the Rotunda and Academical Village he designed, and which remain treasures of American architecture, but in the University’s standing as a leader in education, research, and community service.

The 21,000 plus students attending the University work within a true meritocracy and live by an Honor Code unique among American universities. Each student is exposed to the widest spectrum of disciplines – from arts and athletics to humanities and technology. Our students also enjoy a unique connection to the world beyond college through the University’s outstanding professional training, exemplified by its nationally ranked schools of Law, Business, and Medicine. The University as a whole has had a consistently high ranking not only among public schools, where it often heads the list, but among all American universities, public and private.

Over 12,000 permanent University faculty and staff are committed to serving both the local and national community. The University makes a real difference in the world, through its invaluable research, a hospital ranked among the nation’s finest, and graduates who have consistently been among the forefront of our nation’s shapers. At the University, our bright future is the direct result of our great history.

The University’s Libraries serve the research and curricular needs for undergraduate students, graduate students and faculty. Two units of the University Libraries will be provided services for the acquisition of in-print monographs and related services as a result of this RFP: the University Library (hereafter referred to as Alderman Library) and the Colgate Darden Graduate School of Business Library (hereafter referred to as the Darden Library). Alderman Library serves as the main research collection of the University Library and administers additionally the following libraries: the Fiske Kimball Fine Arts Library; the Music Library, the Science and Engineering Library; the Clemons Library, a readers library primarily for undergraduates; and five departmental libraries: the Biology/Psychology Library,
the Chemistry Library, the Math/Astronomy Library, and the Physics Library. The University Library units covered by this RFP currently use the Unicorn library management system from SIRSI.

During fiscal year 2008/2009, the combined expenditures for materials covered by this RFP exceeded $900,000. This dollar amount is likely to change, and the University does not guarantee any dollar volume for the term of any Agreement resulting from this RFP. The Selected Firm(s) will supply services for the acquisition of in-print monographic materials in response to: one-time firm orders, several separately profile approval plans, standing orders for sets and some monographic series and related services for making supplied materials ready for the libraries’ shelves.

F. Small, Women-owned and Minority-owned (SWAM) Business

The University is committed to the goal of non-discrimination and to giving fair consideration for all vendors in its procurement programs. The University has set a voluntary goal of doing 5% more business with SWAM firms each year. The University’s 2009 SWAM plan spend goal for firms certified by DMBE is:

<table>
<thead>
<tr>
<th>Enterprise Type</th>
<th>Goal Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minority Business Enterprises</td>
<td>4.0 %</td>
</tr>
<tr>
<td>Women Business Enterprises</td>
<td>5.0 %</td>
</tr>
<tr>
<td>Small Business Enterprises</td>
<td>31.0 %</td>
</tr>
</tbody>
</table>

This goal does not allow for "set aside" purchases. SWAM firms must compete equally with majority firms and be able to provide the University with quality goods and services at competitive prices. To view the University’s current quarterly achievements, click here (Current SWAM Report). As this report shows, the University is in need of assistance in the Minority-owned and Women-owned categories. Please tailor your firm’s SWAM plan to assist the University in meeting its goal.

Specify whether the firm is a SWAM. Firms can only be considered a Small, Women-owned or a Minority-owned Business Enterprise if certified by the Commonwealth of Virginia’s Department of Minority Business Enterprise (DMBE). All certified SWAM firms will be assigned a specific identification number. No SWAM firm is required to certify under this program and no SWAM firm will be excluded from doing business with the Commonwealth because of their failure to certify as a SWAM firm.

If the firm is not a SWAM firm, describe the firm’s partnering relationships with SWAM firms and how it plans to support the University’s goal to increase business annually by 5% with these firms in accordance with Attachment 4, Executive VP and COO’s Request for Commitment letter.

G. Site Visits

It may be necessary or desirable for the University's evaluation team of less than five people to travel to a site chosen jointly by the firm and the University to view its operation. Each firm will indicate whether it will reimburse the University for the reasonable and actual expenses (travel, lodging, meals, etc.) incurred by the University for its travel.

H. Other Information

Provide any other information which the University should consider in evaluating the firm's proposal.
V. BASIS OF SELECTION

A. Evaluation

Proposals will be evaluated based upon the overall merits / value of the proposal using the following criteria:

1. The firm's plan to assist the University to meet its goals for the acquisition of in-print monographs and related services as discussed in Section II, Background Discussion and Goals of the University, and Section III, Scope of Goods and Services;

2. The firm's relevant experience, qualifications and success in providing the goods and services outlined in this RFP;

3. The firm's references from institutions of higher education, teaching hospitals, and clients which are comparable to the University;

4. The firm's financial proposal including but not limited to discounts, service charges and other charges;

5. The quality of the proposal, specifically, responsiveness to requirements and adequacy of information provided;

6. The contractual terms that would govern the relationship between the University and the Selected Firm(s);

7. The firm’s plan for the utilization of Small, Women-owned and Minority-owned (SWAM) businesses. (In evaluating the firm’s proposal, the University will assign a minimum of 10 percent of the total selection weight to this individual selection criterion.); and

8. Any other factors relevant to the firm's capacity and willingness to satisfy the University.

B. Selection

The University intends to select two or more firms for negotiations. After negotiations have been conducted and if the University chooses to make award(s), the University will select the firm(s) which, in its opinion, best meets the needs of the University. Alternately, if the University determines in writing and in its sole discretion that only one firm is fully qualified, or that one firm is clearly more highly qualified than the others under consideration, it may decide to negotiate and award an agreement to that single firm. In either event, the University intends to execute a mutually satisfactory written agreement which will reflect and largely incorporate this RFP as reconciled with any pertinent documents, such as the proposal submitted and relevant negotiation correspondence.
VI. TERMS AND CONDITIONS

A. Contractual Provisions
The University will consider each proposal to include not only the matters expressly stated in the proposal as requested in Section IV, Contents of the Proposal, but also other provisions which consist of two different types: those which are "mandatory" and cannot be changed by a firm in its proposal; and those which are "preferred" by the University, but which a firm may wish to alter by expressly and specifically so stating in its proposal.

The University includes Mandatory Contractual Provisions (Attachment 1) so that all proposals will be governed by the same basic contractual terms. If a firm feels a mandatory provision is unreasonable it needs to contact the University before proposals are due. Although such provisions will govern the firm's proposals as submitted, the University and one or more firms may later mutually agree to amend such provisions, such as when additional time is needed to consider proposals, or when contractual negotiations or performance indicate that such amendments are appropriate.

The University includes Preferred Contractual Provisions (Attachment 2) so that any difference between the firm and the University's preferred contractual provisions can be considered during the University's evaluation of proposals. Unless a firm states its exception to any of the preferred provisions in its written proposal, the proposal from the firm will automatically be deemed to include those provisions.

B. Rejection of Proposals
The University reserves the right to reject any or all proposals received. Non-acceptance of a firm's proposal will mean that one or more proposals were deemed more advantageous to the University or that all proposals were rejected. Firms whose proposals are not accepted will be notified after a binding contractual agreement between the University and the Selected Firm(s) exists, or when the University rejects all proposals.

C. Offer Period
By submitting a proposal, the firm agrees that its proposal constitutes an offer which will remain open and irrevocable for a period of 120 days from the deadline for submitting proposals.

D. Reference Checks
By submitting a proposal, the firm consents to the University contacting and obtaining any information relevant to this RFP from the references and others identified by the firm in its proposal, as well as from any other persons, firms, or organizations which the University wishes to contact.
E. Virginia Freedom of Information Act:
Except as provided, once an award is announced, all proposals submitted in response to this RFP will be open to the inspection of any interested person, firm or corporation, in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by firms as part of its proposal will not be subject to public disclosure under the Virginia Freedom of Information Act; however, the firm must invoke the protections of this section prior to or upon submission of its proposal, and must identify the specific data or other materials to be protected and state the reasons why protection is necessary. Firms may not request that its entire proposal be treated as proprietary information.
Attachment 1

Code 2.2-3100 et seq), the Virginia Ethics In Public Contracting Act (Va. Code 2.2-4367 et seq), the Virginia Governmental Frauds Act (Va. Neither party to this Agreement will have the right to assign this Agreement in whole or in part without the prior written consent of the other.

If the Selected Firm(s) deviates from the terms of this Agreement without a written amendment, it does so at its own risk.

Nothing in this Agreement will be construed as authority for the Selected Firm(s) to make commitments which will bind the University, or to otherwise act on behalf of the University, except as the University may expressly authorize in writing.

During the performance of this Agreement, the Selected Firm(s) agrees to 1) provide a drug-free workplace for the Selected Firm(s)'s employees; 2) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensing, possession, or use of a controlled substance or marijuana is prohibited in the Selected Firm(s)'s workplace and specifying the actions that will be taken against employees for violations of such prohibition; 3) state in all solicitations or advertisements for employees placed by or on behalf of the Selected Firm(s) that it maintains a drug-free workplace; and 4) include the provisions of the foregoing clauses in every subcontract or purchase order of over $10,000, so that the provisions will be binding upon each subcontractor or vendor.

I. Information Technology Access Act
In accordance with § 2.2-3504 of the Code of Virginia, the following will apply to all information technology Agreements:

Compliance with the foregoing non-visual access standards will not be required if the Director of Procurement Services, University of Virginia determines that 1) the Technology is not available with non-visual access because the essential elements of the Technology are visual and 2) non-visual equivalence is not available.

Installation of hardware, software, or peripheral devices used for non-visual access is not required when the Technology is being used exclusively by individuals who are not blind or visually impaired, but applications programs and underlying operating systems (including the format of the data) used for the manipulation and presentation of information will permit the installation and effective use of non-visual access software and peripheral devices.

If requested, the Agreement must provide a detailed explanation of how compliance with the foregoing non-visual access standards is achieved and a validation of concept demonstration.

Greetings:

The quality of service the University of Virginia is able to deliver to its customers is directly related to the excellent support we receive from you and many other outstanding suppliers of goods and services. Without you, we would not be able to fulfill our educational, health care and research missions. An important part of our procurement program involves our commitment to doing business with small, women-and minority-owned (SWAM) businesses. As one of our most important vendors, we look to you to help us achieve this objective.

We conduct substantial business with small firms. We have been less effective in securing long-term business relationships with minority-and women-owned businesses. We are determined to improve our record.

I seek your assistance in two areas. First, to the extent practical, I ask that you involve small, women-and minority-owned businesses in the delivery of services you provide to UVa. Second, I seek your help in reporting your results through our quarterly subcontracting reports. The terms and conditions previously provided to your organization outlined this process.

This effort is important to us. We depend on you in so many ways – this is another way that we can partner with your company to make things better.

Sincerely,

Leonard W. Sandridge
Executive Vice President and Chief Operating Officer
