This RFP is part of a competitive procurement process which helps to serve the University's best interests. It also provides firms with a fair opportunity for its services to be considered. The process of competitive negotiation being used in this case should not be confused with the different process of competitive sealed bidding. The latter process is usually used where the goods or services being procured can be described precisely and price is generally the determinative factor. With competitive negotiation, however, price is not required to be the determinative factor, although it may be, and the University has the flexibility it needs to negotiate with firms to arrive at a mutually agreeable relationship.

The RFP has been posted on Procurement and Supplier Diversity Services web site and can be downloaded at: [http://www.procurement.virginia.edu/pagerfp](http://www.procurement.virginia.edu/pagerfp). It is the firm’s responsibility to ensure that the latest version of the entire RFP and related links are reviewed prior to submission of a proposal. Addenda and attachments are posted if issued. We encourage you to check the web site frequently for any changes prior to the due date. Call (434) 924-1346 if you have trouble accessing the RFP from the web. For questions about the content of the RFP, contact the buyer listed above. Additional information can be found on Procurement and Supplier Diversity Services web site at [http://www.procurement.virginia.edu](http://www.procurement.virginia.edu).

For ease of reference, each firm or individual receiving this RFP is referred to as a “firm” and the firm(s) or individual(s) selected to provide services for the University is referred to as the “Selected Firm.” This RFP states the instructions for submitting proposals and the procedure and criteria by which a firm may be selected.
II. SCOPE OF SERVICES

This is RFP is separated into two phases. In the first phase, it is the University's intent to make an award/issue a purchase order to a Selected Firm to provide mobile website development for the University’s Darden Graduate School of Business (“Darden”) in accordance with the guidelines contained in Section A, Darden — Mobile Website Development, below.

In the second phase, it is the University’s intent to enter into an Agreement with a Selected Firm(s) to provide application development (“App”) for mobile platforms (iPhone, Android, etc.), in addition to mobile website development, to meet potential future needs of the University on an as needed basis. The requirements to be considered for an award for this portion are shown in Section B, University — Mobile Website and Application Development, below.

In order to be considered for the Darden award, firms must meet the requirements shown in Section B. It is expected that the firm selected to develop the mobile website for Darden will also be awarded an Agreement to potentially develop Apps and mobile websites for the University.

To be clear, while only one firm will be selected to provide mobile website development for Darden, more than one firm may be selected to provide App and mobile website development to meet the potential future requirements of the University (i.e., the University makes no guarantee of any future business that will be generated from any resulting agreement).

Any questions related to SWAM business and SWAM subcontracting opportunities can be directed to Les Haughton, Director, Supplier Diversity, at (434) 924-7174 or lh7sn@virginia.edu.

NOTE: Virginia Freedom of Information Act: Except as provided below, once an award is announced, all proposals submitted in response to this RFP will be open to the inspection of any citizen, or any interested person, firm or corporation, in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by a firm as part of its proposal will not be subject to public disclosure under the Virginia Freedom of Information Act; however, the firm must invoke the protections of this section prior to or upon submission of its proposal, and must identify the specific data or other materials to be protected and state the reasons why protection is necessary. A firm may not request that its entire proposal be treated as a trade secret or proprietary information. Nor may a firm request that its pricing be treated as a trade secret or proprietary information, or otherwise be deemed confidential.

IV. BASIS OF SELECTION
The University will evaluate proposals, and if a firm is to be selected, select the firm on the basis of:
A. The firm's plan to provide the University with the Services as described in Section II, Scope of Services;
B. The firm’s experience in providing Services similar to those described in this RFP, to include the firm’s references from clients;
C. The firm’s financial proposal;
D. The contractual terms that would govern the relationship between the University and the Selected Firm;
E. The firm’s Small, Woman-owned and Minority-owned (SWAM) businesses status and/or the firm’s plan for utilization of SWAM businesses. *Note:* A 10% minimum weight will be given to this criterion in evaluating proposals; and

F. Any other factors relevant to the firm's capacity and willingness to meet the University requirements.

Proposals will be evaluated based upon the overall merits/value of the proposal including, but not limited to, price. All proposals received will be carefully evaluated by the University. The University then intends to conduct negotiations with two or more firms. After negotiations have been conducted, if the University chooses to make award, the University will select the firm which, in its opinion, best meets the needs of the University. Alternately, if the University determines in writing and in its sole discretion that only one firm is fully qualified, or that one firm is clearly more highly qualified than the others under consideration, it may decide to negotiate and award an agreement to that single firm. In either event, the University intends to execute a mutually satisfactory written agreement which will reflect and largely incorporate this RFP as reconciled with any pertinent documents, such as the proposal submitted and relevant negotiation correspondence.

Because the University may choose to negotiate and award to a single firm as discussed above, each firm must include in its written proposal all requirements, terms or conditions it may have, and should not assume that an opportunity will exist to add such matters after the proposal is submitted.

Any firm(s) invited to negotiations should note that the University reserves the right to begin negotiations by combining the best aspects of submitted proposals from all responding firms as the basis for subsequent formation of any Agreement resulting from this RFP.

Firms should also note that, as described within, certain matters will automatically be deemed part of the proposal.

V. TERMS AND CONDITIONS

This solicitation and any subsequent award are subject to:

A. The University’s Mandatory Contractual Provisions, Attachment 1. Each proposal received by the University in response to this RFP will automatically be deemed to include the firm's agreement to these provisions. Although such provisions will govern the firm's proposals as submitted, the University and one or more firms may later mutually agree to amend such provisions, such as when additional time is needed to consider proposals, or when contractual negotiations or performance indicate that such amendments are appropriate.

B. The University’s Preferred Contractual Provisions, Attachment 2. Unless a firm expressly and specifically states its exception to any of the Preferred Provisions in its written proposal, then the proposal from the firm will automatically be deemed to include those Provisions.
C. The University's Procedure for Resolution of Contractual Claims

Such newly introduced additional Services will be provided to the University at favored nations pricing, terms, and conditions.

Q. Ordering Procedures
The University does not place verbal orders for the Services. The University may place orders for the Services by issuing a formal written Purchase Order in advance of Selected Firm’s provision of the Services. Accordingly, at the University’s request, the Selected Firm will issue a proposal/quotation listing the Services desired by the University and the corresponding fees and/or fee estimates. After any necessary discussions and/or revisions, the University will issue a corresponding Purchase Order for a specified fee amount. This specified fee amount cannot be exceeded by the Selected Firm unless a new formal written Purchase Order or Purchase Order revision is issued by the University authorizing a specific additional fee amount. Under no circumstances does the University authorize the Selected Firm to provide the Services before receipt of a formal written Purchase Order corresponding to its proposal/quotation. If the Selected Firm provides Services prior to receipt of a formal written Purchase Order, or incurs costs in excess of authorized purchase order fee amounts, it does so at its own risk.

R. Confidentiality
Both parties acknowledge that in the negotiation and performance of this Agreement, confidential and proprietary information of each has been and will be made available to the other. The parties agree to use reasonable efforts to maintain the confidentiality of such material, but in no event lesser than was used with like material of the receiving party, and not to make any internal use of such material not required under this Agreement. Neither party will disclose the information to any third party without prior written authorization from the disclosing party, and will not use the information received by it, except to those of its employees, agents, and consultants whose duties justify the need for access to the information provided that such individuals are subject to obligations of secrecy and limited use commensurate in scope with this Agreement. These obligations will apply to verbal information as well as specific portions of the information that are disclosed in writing or other tangible form and marked to indicate its confidential nature. These obligations will not apply to any of the information which:

1. Was known to the receiving party prior to receipt under this Agreement, as demonstrated by the receiving party's records; or
2. Was publicly known or available prior to receipt under this Agreement, or later becomes publicly known or available through no fault of the receiving party; or
3. Is disclosed to the receiving party without restrictions on disclosure by a third party having the legal right to disclose the same; or
4. It is disclosed to a third party by the disclosing party with an obligation of confidentiality; or
5. It is independently developed by an employee, consultant, or agent of the receiving party without access to the information as received under this Agreement; or

6. The receiving party is obligated to produce as required by law, lawfully issued subpoena, or a court order, provided that the disclosing party has been given notice thereof and an opportunity to waive its rights or to seek a protective order or other appropriate remedy.

Upon written request of a disclosing party, the receiving party will return all information disclosed in written or tangible form, and the receiving party will destroy all of its copies, excerpts, or notes make by it which contain any portions of the information unless otherwise provided for by the parties.

S. Compliance
The Selected Firm will comply with all applicable laws and industry standards in performing services under this Agreement. Any Selected Firm personnel visiting the University’s facilities will comply with all applicable University policies regarding access to, use of, and conduct within such facilities. The University will provide copies of such policies to the Selected Firm upon request.

The Selected Firm warrants that the service it will provide to the University is fully compliant with and will enable the University to be compliant with relevant requirements of all laws, regulation, and guidance applicable to the University and/or Selected Firm, including but not limited to: the Family Educational Rights and Privacy Act (FERPA), Health Insurance Portability and Accountability Act (HIPAA) and Health Information Technology for Economic and Clinical Health Act (HITECH), Gramm-Leach-Bliley Financial Modernization Act (GLB), Payment Card Industry Data Security Standards (PCI-DSS), Americans with Disabilities Act (ADA), and Federal Export Administration Regulations.

T. Intellectual Property Rights/Disclosure
Unless expressly agreed to the contrary in writing, all goods, products, materials, documents reports, writings, video images, photographs or papers of any nature including software or computer images prepared or provided by the Selected Firm (or its subcontractors) for the University will not be disclosed to any other person or entity without the written permission of the University.

The Selected Firm warrants to the University that the University will own all rights, title and interest in any and all intellectual property rights created in the performance or otherwise arising from any Agreement resulting from this RFP and will have full ownership and beneficial use thereof free and clear of claims of any nature by any third party including without limitation copyright or patent infringement claims. The Selected Firm will execute any assignments or other documents needed for the University to perfect such rights.
Notwithstanding the foregoing, for research collaboration pursuant to subcontracts under sponsored research agreements administered by the University's Office of Sponsored Programs, intellectual property rights will be governed by the terms of the grant or contract to the University to the extent such grant or contract requires intellectual property terms to apply to subcontractors.

U. Governing Law
This Agreement will be governed in all respects by the laws of the Commonwealth of Virginia.

V. No End User Agreements
This Agreement is the entire agreement between the University (including University employees and other End Users) and the Selected Firm. In the event that the Selected Firm enters into terms of use agreements or other agreements or understandings, whether electronic, click-through, verbal or in writing, with University employees or other End Users, such agreements will be null, void and without effect, and the terms of this Agreement will apply.

W. Agreement Signature
Any resulting agreement may be executed in counterparts, each of which will be deemed an original, and both of which taken together will constitute one and the same document. Electronically transmitted signatures will be deemed originals for all purposes relating to the agreement.
Greetings:

The quality of service the University of Virginia is able to deliver to its customers is directly related to the excellent support we receive from you and many other outstanding suppliers of services. Without you, we would not be able to fulfill our educational, health care and research missions. An important part of our procurement program involves our commitment to doing business with small, women- and minority-owned (SWaM) businesses. As one of our most important vendors, we look to you to help us achieve this objective.

We conduct substantial business with small firms. We have a particular institutional focus on developing long-term business relationships with minority-and women-owned businesses. We count on our majority firms to help us achieve our goal.

I seek your assistance in two areas. First, to the extent practical, I ask that you involve small, women-and minority-owned businesses in the delivery of services you provide to The University. The office of Procurement and Supplier Diversity Services is ready to assist you in identifying qualified diverse business partners. Second, I seek your help in reporting your results through our quarterly subcontracting reports. The terms and conditions previously provided to your organization outlined this process.

This effort is important to us. We depend on you in so many ways – this is another way that we can partner with your company to make things better.

Sincerely,

Colette Sheehy
Vice President for Management and Budget
